Dear Former Patient: Mammography Services,

Thank you for choosing Coalinga Regional Medical Center (CRMC) as your mammography site. Regretfully, the facility closed operations effective 6/15/2018. Whether for diagnostic screening as part of a wellness plan, or for follow up or further studies related to a finding, there is always anxiety concerning mammography exams. As part of the follow up to the recent closure of the Radiology Department, you are being informed as to how you may access your mammography records should you need them at a future time.
